Brother Pasqualino

On behalf of the 9,000 Unifor Rail members, please pass on our support and best wishes to your bargaining committee, and all your members who are now on strike.

We commend your Local for taking a stand on Pensions and Benefits in defense of your present and future members. We fully understand what it is like, to work for a company that does not care about having a relationship with the Union Leadership or its members.

You have our solidarity, and if there is anything we can do to be of assistance, please do not hesitate to contact us.

In Solidarity
