Extended Health Care

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

In this section, *you* means the employee and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible expenses that you incur while covered under this plan.

Eligible expenses mean expenses incurred for the services and supplies described below that are medically necessary for the treatment of an illness and do not exceed the reasonable and customary charges for the service or supply being claimed. However, there are additional eligibility requirements that apply to drugs (see *Prior authorization program* for details).

Medically necessary means generally recognized by the Canadian medical profession as effective, appropriate and required for treating an illness according to Canadian medical standards.

Reasonable and customary charges mean:

- fees and prices normally charged in the regional area where the services or supplies are provided, and
- charges for services and supplies that represent reasonable treatment, considering the duration of services and how frequently services and supplies are provided.

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

Reference to Doctor may also include a nurse practitioner – If the applicable provincial legislation permits nurse practitioners to prescribe or order certain supplies or services, Sun Life will reimburse those eligible services or supplies prescribed or ordered by a nurse practitioner the same way as if they were prescribed or ordered by a doctor. For drugs, refer to *Other health professionals allowed to prescribe drugs* outlined in the Benefit Summary.

Claiming when the expense is incurred

You must claim an expense for the benefit year in which you incur the expense. You incur an expense on the date you receive the service or purchase or rent supplies.

The benefit year is indicated in the Benefit Summary.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

Deductible and reimbursement level

The deductible is the portion of claims that you are responsible for paying. After the deductible has been paid, claims will be paid up to the reimbursement level under this plan.

For each type of service listed below, the deductible and the reimbursement level are indicated in the Benefit Summary.

Prescription drugs

Prescription drugs	We will cover the cost of the drugs and supplies that are listed in the Benefit Summary.
Quantity limit	Payments for any single purchase are limited to quantities that can reasonably be used in a 34 day period or, in the case of certain maintenance drugs, in a 100 day period as ordered by a doctor.
What is not covered	<p>We will not pay for the following, even when prescribed:</p> <ul style="list-style-type: none"> • infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments. • the cost of giving injections, serums and vaccines. • treatments for weight loss, including drugs, proteins and food or dietary supplements. • hair growth stimulants. • drugs for the treatment of infertility. • drugs for the treatment of sexual dysfunction. • drugs that are used for cosmetic purposes. • natural health products, whether or not they have a Natural Product Number (NPN). • drugs and treatments, and any services and supplies relating to the administration of the drug and treatment, administered in a hospital, on an in-patient or out-patient basis, or in a government-funded clinic or treatment facility.
Drug evaluation	<p>The following drugs will be evaluated and must be approved by us to be eligible for coverage:</p> <ul style="list-style-type: none"> • drugs that receive Health Canada Notice of Compliance for an initial or a new indication on or after November 1, 2017. • drugs covered under this plan and subject to a significant increase in cost. <p>Drug expenses are eligible for reimbursement only if incurred on or after the date of our approval.</p> <p>We will assess the eligibility of the drug based on factors such as:</p> <ul style="list-style-type: none"> • comparative analysis of the drug cost and its clinical effectiveness. • recommendations by health technology assessment organizations and provinces. • availability of other drugs treating the same or similar condition(s). • plan sustainability.
Pharmaceutical services (rendered by pharmacists)	For employees residing in Québec, we will cover the pharmaceutical services that are covered under the Québec drug insurance plan and apply its requirements.
Prior authorization program	<p>The prior authorization (PA) program applies to a limited number of drugs, where you must get approval in advance for coverage under the program.</p> <p>In order for drugs in the PA program to be covered, you need to provide medical information. Please use our PA form to submit this information. Both you and your doctor need to complete parts of the form. You will be eligible for coverage for these drugs if the information you and your doctor provide meets our clinical criteria based on factors such as:</p> <ul style="list-style-type: none"> • Health Canada Product Monograph. • recognized clinical guidelines.

	<ul style="list-style-type: none"> • comparative analysis of the drug cost and its clinical effectiveness. • recommendations by health technology assessment organizations and provinces. • your response to preferred drug therapy. <p>If not, your claim will be declined.</p> <p>See <i>How to Connect with Sun Life Financial</i> at the beginning of this booklet for information on how to obtain our prior authorization forms.</p>
<p>Out-of-pocket maximum</p>	<p>For employees residing in Québec, expenses incurred for drugs listed in the Régie de l'assurance-maladie du Québec (RAMQ) drug formulary and not reimbursed under this plan as a result of the application of the deductible or the reimbursement percentage are limited in each calendar year to the yearly maximum contribution set by the RAMQ plan. There is an out-of-pocket maximum for you, and another one for your spouse. Any drug expenses incurred for your children are part of the out-of-pocket maximum of the employee.</p>
<p>Persons age 65 or over residing in Québec</p>	<p>Unless you have indicated otherwise, once you reach age 65 you are automatically registered for the public prescription drug insurance plan of the Régie de l'assurance-maladie du Québec (RAMQ), which provides basic coverage for prescription drug costs. Given that after age 65 you continue to be eligible for a medical expense benefit under your group plan, you must make a decision in regards to your basic coverage since you can be covered by either the public plan or your group plan.</p> <p>If you opt for basic coverage under RAMQ's public prescription drug insurance plan, your group plan will then provide coverage that supplements RAMQ's basic coverage. This supplementary coverage does not replace RAMQ's basic coverage; it adds to it by covering, for example, drugs that are not reimbursed by the public plan or the portion of drug costs not reimbursed by the public plan. In this case, when you complete your tax return, be sure to indicate that you are registered for basic coverage under RAMQ's public plan. You will then have to pay the premium.</p> <p>On the other hand, if you opt to keep your basic coverage under your group plan, you will have to cancel your registration in the public plan by calling RAMQ or visiting one of its offices during business hours. But before you do, we recommend you contact your benefits administrator to clarify your situation. Unfortunately, we cannot change your file without confirmation from your benefits administrator.</p>

- during the uninterrupted period of total disability,
- within 90 days of the end of coverage, and
- while this provision is in force.

If the Extended Health Care benefit ends, coverage for dental services to repair natural teeth damaged by an accidental blow will continue, if both of the following apply:

- the accident occurred while you were covered, and
- you have the procedure within 6 months after the date of the accident.

What is not covered

- whether you have made an application to the government program,
- whether your being covered under this plan affects your ability to be eligible for or entitled to any benefits under the government program, or

Dental Care

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, dentist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover **reasonable and customary charges**. We will not cover more than the fee stated in the Dental Association Fee Guide specified in the Benefit Summary. When a fee guide is not published for a given year, the term fee guide may also mean an adjusted fee guide established by Sun Life.

Reasonable and customary charges mean:

- charges considered necessary for the treatment and maintenance of a person's oral health, according to standard Canadian dental procedures and practices, and
- charges of a reasonable frequency and duration, as determined by Sun Life.

We will base payments on the fee guide at the time the person receives the treatment.

To decide what part of a procedure we will pay for:

- we will first find out if you could have had alternate, or other, dental procedures.
- we confirm that these alternate procedures are part of usual and accepted dental work and produced a similar result to the procedure that the dentist performed.

We will only pay the reasonable cost of the least expensive alternate procedure.

For an implant related crown or prosthesis

We will pay the benefit that would have been payable under this plan for a tooth supported crown or a non-implant related prosthesis, respectively. We will take into account any limitations that would have applied if there had been no implant.

All other expenses related to implants, including surgery charges, are not covered.

If you receive any temporary dental service

It will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the usual and reasonable charge for the final dental service.

Claiming when the expense is incurred

You must claim an expense for the benefit year in which you incurred the expense.

The benefit year is indicated in the Benefit Summary.

You incur an expense on the date your dentist performs a single appointment procedure.

For procedures which take more than one appointment, you incur an expense once the entire procedure is completed, except for orthodontic procedures where an expense is incurred for each appointment.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

Deductible and reimbursement level	<p>The deductible is the portion of claims that you are responsible for paying. After the deductible has been paid, claims will be paid up to the reimbursement level under this plan.</p> <p>For each type of service listed below, the deductible and the reimbursement level are indicated in the Benefit Summary.</p>
Maximums	Maximums are indicated in the Benefit Summary.
Getting an estimate before you have certain procedures	<p>For any major treatment or any procedure that will cost more than \$500, we suggest that you send us an estimate before the work is done. Here's what to expect:</p> <ul style="list-style-type: none"> • you will send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. • both you and the dentist will have to complete parts of the claim form. • we will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

- if the procedure is performed within 6 months after the date of the accident.

If your coverage terminates under this plan for any reason other than the termination of this plan or this Dental Care benefit, and supplies required for a dental treatment were ordered prior to the termination of coverage or treatment had begun prior to the termination of coverage, you will continue to be covered for expenses related to such treatment provided these expenses are incurred within 30 days after the termination of your coverage.

We will not pay for services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program unless explicitly listed as covered under this benefit.

We will not pay for services or supplies that are not usually provided to treat a dental problem.

We will not pay for:

- procedures performed primarily to improve appearance.
- the replacement of dental appliances that are lost, misplaced or stolen.
- charges for appointments that you do not keep.
- charges for completing claim forms.
- services or supplies for which no charge would have been made in the absence of this coverage.

- transplants and repositioning of the jaw.
- charges related to the temporomandibular joint (TMJ) treatment.
- experimental treatments.

We will also not pay for dental work resulting from:

Short-Term Disability

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

Short-Term Disability coverage provides a benefit if you become totally disabled. You qualify for this benefit if you present proof of claim acceptable to Sun Life that confirms both of the following:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since it started.

For the purposes of your Short-Term Disability coverage, we will consider you to be totally disabled while you are continuously unable due to an illness to perform the essential duties of your own job. The availability of work with any employer does not affect the determination of total disability.

In addition, if you are prevented from being actively at work due to a safety critical disability (as defined by the Railway Safety Act) or a safety sensitive disability (as defined by your employer), you will be considered totally disabled.

We will base your benefits on your coverage on the date you became totally disabled. We pay benefits at the end of each week for which you are entitled to payments.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

When disability payments begin

If you become totally disabled because of an accident or illness, you will be eligible for Short-Term Disability payments **on the later of the following:**

- after you have been totally disabled for the number of days indicated in the Benefit Summary (elimination period), or
- the first day you consult a doctor.

If benefits are payable for part of any week, we will pay 1/7 of the weekly benefit for each day you are entitled to a payment.

What we will pay

Here is how we calculate your Short-Term Disability payments. All references to benefits and payments in this disability provision are to the gross amounts before any deductions.

Step 1: We take the maximum amount indicated in the Benefit Summary.

Step 2:

- (a) **During the entire period of total disability**, we subtract any benefits or payments provided:
- under a motor vehicle insurance plan.
 - under a group plan which provides income replacement benefits as a result of an accident or an illness, including a multiple-employer group plan but excluding any benefits or payments provided under a Critical Illness plan or an association plan.
 - as part of a salary continuance received from your employer during your disability.
 - under Employment Insurance.
 - under the Québec Parental Insurance Plan.

- (b) **After the first 17 weeks of total disability**, when the maximum benefit period is more than 17 weeks, we also subtract any benefits or payments provided:
- under any government-sponsored plan such as the Canada Pension Plan and the Québec Pension Plan, excluding all benefits or payments on behalf of a dependent, for the same or a subsequent disability.
 - under a retirement or pension plan funded in whole or in part by your employer, due to your disability or a medical condition.
 - under any coverage resulting from your membership in an association but excluding any benefits or payments provided under a Critical Illness plan.

The result from Step 2 is the amount you will normally receive.

However, if the amount calculated under Step 2, plus:

- **during the first 17 weeks of total disability** – the sources of benefits and payments listed in (a) above is more than 100% of your basic earnings when your disability began, we will reduce your Short-Term Disability payment by the excess. If the benefit is non-taxable, your income after income tax is the one we use.
- **after the first 17 weeks of total disability** – the sources of benefits and payments listed in (a) and (b) above is more than 100% of your basic earnings when your disability began, we will reduce your Short-Term Disability payment by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

Important to remember:

- If you are eligible for any of the benefits or payments described above and do not apply for them, we will still consider them. We can estimate those benefits and payments and use them when we calculate your Short-Term Disability payments.
- If any of the benefits or payments described above are provided in a lump sum, we will determine the equivalent compensation this represents on a weekly basis using generally accepted accounting principles.
- We will not take into account any benefits or payments that began before your disability began. However, increases in those benefits or payments as a result of your disability will be taken into account.
- We have the right to adjust your Short-Term Disability benefit payments when appropriate under the above provision.

Interrupted periods of disability

If you had a total disability for which we paid Short-Term Disability benefits and total disability reoccurs due to the same or related causes, we will consider it a continuation of your previous total disability as long as the disability reoccurs within 4 weeks of the end of your previous disability.

We will base these benefits on your coverage as it existed on the original date of total disability and will pay them for no longer than the rest of the maximum benefit period.

Rehabilitation program

Sun Life may require you to participate in a rehabilitation program that we have approved in writing.

This may include one or more of the following:

- consulting our rehabilitation specialist,
- part-time work,
- working in another occupation or vocational training to help you become capable of full-time employment.

During your rehabilitation program, you may receive Short-Term Disability payments plus income, benefits and payments from other sources.

However, the Short-Term Disability payments will be reduced by 50% of the income you receive under the rehabilitation program. If during any week the total of any income, benefits and payments provided is more than 100% of your basic earnings when your disability began, your Short-Term Disability payment will be reduced by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

If you recover damages from another person

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

For disability benefits paid or payable prior to the date of judgment or settlement, if you recover money, you must pay us 75% of your net recovery or the total disability benefits paid or payable to you under this plan, whichever is less. For disability benefits payable after a judgment or settlement, where 75% of your net recovery exceeds the amount that we recover for past disability benefits, we have the right to deduct that excess from ongoing disability benefits. Refer to your group contract for more information.

When payments end

Your Short-Term Disability payments end **on the earlier** of the following dates:

- the date you are no longer totally disabled.
- the end of the maximum benefit period indicated in the Benefit Summary.
- the date you retire on pension.
- the date you die.

When coverage ends

See the Benefit Summary at the beginning of this booklet to see when your coverage ends.

What is not covered

We will not pay benefits for any period where one or more of the following is true:

- you are not receiving appropriate treatment.
- you do any work for wage or profit except where Sun Life has approved it in advance.
- you are not participating in an approved rehabilitation program, if required by Sun Life.
- you are on a leave of absence, strike or lay-off. However, if you become totally disabled before a notice of separation is given, payments continue while you are totally disabled, but not beyond the end of the maximum benefit period.
- you are absent from Canada longer than 4 weeks, unless Sun Life agrees in writing in advance to pay benefits during such period or unless the absence is for the purpose of obtaining medical treatment and would be permitted under the Employment Insurance regulations.
- you are serving a prison sentence or are confined in a similar institution.

We will not pay if benefits are payable to you under any Workers' Compensation Act or similar legislation.

We will not pay benefits for total disability resulting from:

- the hostile action of any armed forces, active duty or training in the armed forces during a military leave for reservists, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries.
- participation in a criminal offence.

Long-Term Disability

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

Long-Term Disability coverage provides a benefit if you become totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that confirms both of the following:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since it started.

For the purposes of your Long-Term Disability coverage:

- during the elimination period and the following 24 months (this period is known as the **own job period**), we consider you to be totally disabled while you are continuously unable due to an illness to perform the essential duties of your own job.
- afterwards, we will consider you to be totally disabled while you are continuously unable due to an illness to perform any occupation, for any employer, for which you are or may become reasonably qualified by education, training or experience.

The availability of work with any employer does not affect the determination of total disability.

In addition, if you are prevented from being actively at work due to a safety critical disability (as defined by the Railway Safety Act) or a safety sensitive disability (as defined by your employer), you will be considered totally disabled.

We pay these benefits at the end of each month. We base them on your coverage on the date you became totally disabled.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

When disability payments begin	<p>Your Long-Term Disability payments begin on the later of the following dates:</p> <ul style="list-style-type: none">• after you have been totally disabled for the uninterrupted period indicated in the Benefit Summary.• after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan. <p>This period, which must be completed before disability benefits become payable is called the elimination period.</p>

- a group plan, including any coverage you have because you are a member of an association but excluding any benefits or payments provided under a Critical Illness plan.
- the Québec Parental Insurance Plan.

The result from Step 2 is the amount you will normally receive.

Take the result you got in Step 2, add the above sources of benefits and payments plus the other sources of benefits and payments listed below and check the total you get. If it's more than 80% of your basic earnings when your disability began, we will reduce your Long-Term Disability payment by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

Other sources of benefits and payments:

- any Workers' Compensation Act or similar law for another disability.
- any Criminal Injuries Compensation Act or similar law.

Important to remember:

- If you are eligible for any of the benefits or payments described above and do not apply for them, we will still consider them. We can estimate those benefits and payments and use them when we calculate your Long-Term Disability payments.
- If any of the benefits or payments described above are provided in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.
- We will not take into account any benefits or payments that began before your disability began. However, increases in those benefits or payments as a result of your disability will be taken into account.
- We have the right to adjust your Long-Term Disability benefit payments when appropriate under the above provision.

Interrupted periods of disability after payments begin

If you had a total disability for which we paid Long-Term Disability benefits and total disability reoccurs due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability.

We will base these benefits on your coverage as it existed on the original date you become totally disabled and will pay benefits for no more than the rest of the maximum benefit period.

Rehabilitation / Partial disability program

Sun Life may require you to participate in a partial disability or rehabilitation program that we have approved in writing.

This may include one or more of the following:

- consulting our rehabilitation specialist,
- part-time work,
- working in another occupation or vocational training to help you become capable of full-time employment.

During your rehabilitation program, you may receive Long-Term Disability payments plus income, benefits and payments from other sources.

However, the Long-Term Disability payments will be reduced by 50% of the income you receive under the rehabilitation program. If during any month the total of any income, benefits and payments provided is more than 100% of your basic earnings when your disability began, indexed for inflation, your Long-Term Disability payment will be reduced by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

You should consider participating in a partial disability or rehabilitation program as soon as possible after becoming disabled. If you enter a partial disability or rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

Your participation in a partial disability program will be limited to the own job period.

If you recover damages from another person

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

For disability benefits paid or payable prior to the date of judgment or settlement, if you recover money, you must pay us 75% of your net recovery or the total disability benefits paid or payable to you under this plan, whichever is less. For disability benefits payable after a judgment or settlement, where 75% of your net recovery exceeds the amount that we recover for past disability benefits, we have the right to deduct that excess from ongoing disability benefits. Refer to your group contract for more information.

What you are responsible to do

During your total disability, you must make reasonable efforts to do all of the following. If you do not, Sun Life may hold back or discontinue benefits.

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own job during the first 24 months that benefits are payable.
- receive training to qualify for another occupation if it becomes apparent that you will not be able to return to your own job within the first 24 months that benefits are payable.
- try to get work in another occupation after the first 24 months that benefits are payable.
- obtain benefits that may be available from other sources.
