

**NORM SINCLAIR FOR REGIONAL REPRESENTATIVE UNIFORM
NATIONAL COUNCIL 4000**

I would like your vote and support in the upcoming election

What do you get with a vote for me?

Experience – You get representation from someone who has been an elected representative for over 9 plus years dealing with issue resolution and who has been on a bargaining committee for over 6 years and have completed 2 sets of contract negotiation (CAW Local 112). I was also a Joint and Health Safety Representative.

Communication- I strongly believe in honest and transparent communication. I can better represent the membership when I'm listening to what is being said and acting on it

Effort- I will work tirelessly for you and with you to ensure that all your questions and or concern are acted upon in a timely fashion. I have the experience you are looking for, the drive and passion you require in a representative and the willingness to do what it takes for our membership, getting me elected means experience, honesty and integrity. I am the person with the right experience who is all about results, and is qualified and ready for the job. So on vote day vote **NORM SINCLAIR** and let your voice be heard.
